

## 2025 Weld compacts

### preparations.

1. Any year 4 or 6 cylinder car permitted front wheel drive wheel base 110" rear wheel driver base 107"
2. Cars Must be complete stripped clean no trim interior or any other flammable materials must be removed prior to the show
3. All glass must be removed and swept clean
4. Original full tanks must be removed and placed in back seat area
5. All batteries must be moved in the drivers compartment ( 2 battery maximum)
6. Car must have a seat belt and working brakes at all times
7. You will have two times threw tech if on your second attempt you did not meet satisfaction to what the inspectors wanted you will be loaded and no refund will be issued ( as our job of inspectors we will make sure it is clear and understandable of what we want done so there shouldn't be any questions or miss understanding)
8. Drivers only in tech no one else is allowed ( we will give you a piece of paper with everything written down for you to take back with you to show your crew) must have paper with you for re tech
9. All rules are to the interpretation to the officials ( if unsure of a rules call or text to get clarification so you understand what we want)
10. All judge's decision are final

### Car rules

1. Battery must be mounted in a safe and tight manner
2. Fuel cells must be mounted in safe location in behind the seat no leakes
3. No points or sharp edges that could hurt someone
4. Long as it looks like a car and has the following rules followed you will pass this is a builders class weld them up and bring them
